

November 2024

Dear friends and supporters of Rainbows4children,

As we near the end of another fulfilling visit to the Nicolas Robinson School, we are excited to tell you about the progress that your support has made possible.

<https://youtu.be/TE-flGzHtuA>

This trip has been very inspiring. Highlights include:

- **Campus Revival:** The school environment has been revitalised providing a secure and welcoming space for the children, surrounded by trees, flowers and birds. At a recent count by a local expert, there are at least 37 varieties of birds now living in the campus grounds.
- **Visitors Making an Impact:** Herman visited the sponsored children of his family, and Orjan spent two weeks helping younger students. Look out for his story in our next video coming later this year!
- **Student Development:** From coaching in English language skills and interview techniques to assisting top students with overseas applications, we've seen remarkable progress.

The Nicolas Robinson School consistently achieves outstanding results, ranking as the top Ethiopian non-selective school in key national exams. It also excels in securing student scholarships, offering life-changing opportunities to study abroad.

Your support directly enables this success—100% of your donation goes to the school, with no funds spent on administration.

**Together, we can help more children thrive.** Many students still need sponsors to attend school and benefit from this nurturing environment.

Please consider sponsoring a student today!

With our thanks for your generosity and support.

Kathryn, Max, and everyone at the Nicolas Robinson School and Rainbows4children Foundation
