

July 2024

Dear Friends of Rainbows4children,

We are delighted to share highlights from our recent visit to the Nicolas Robinson School in June and July. The school is buzzing with energy once again, and it's heartwarming to see the children's smiling faces.

🌟 Student Achievements 🌟

We are incredibly proud of our older students who have earned prestigious scholarships:

- **Hasiet:** Full scholarship to study under the British 'A' level system at the **African Leadership Academy in Johannesburg**.
- **Eyerusalem:** Full scholarship to study at the **African Science Academy in Ghana**, focusing on double maths and physics 'A' levels in one year.
- **Yonathan:** Full scholarship to the **Hong Kong University of Science & Technology** for Operational Management.
- **Gebreegiabher:** Mastercard Foundation Scholarship to the **US International University in Africa (Nairobi)**.

These achievements are a testament to their hard work and resilience during challenging times.

🌍 Support and Contributions 🌍

We extend our gratitude to the foundations and groups supporting us. In the current video update we are featuring:

- **Haqi Foundation:** Providing crucial support for health and teaching professionals returning to work after the war, helping them heal their own trauma to better assist others. They helped our teachers confront their trauma to enable them to support the children.
- **Ladies in Zurich (Zharity):** Sewing reusable sanipads for our female students, with 180 pads already delivered and more on the way for our next visit in November.
- The Butt family, through the **Calleva Foundation:** continuing to support our supplementary food programme, as they have done so very kindly for many years.

📖 Accelerating Education 📖

Since classes resumed in April 2023, we've been working continuously to help our students catch up on education missed during the Covid outbreak and later, the civil war in the region. Our goal is to complete this accelerated program by June 2025, allowing staff and students to enjoy their first summer holiday since resuming classes. The dedication and energy, from everyone involved, have been truly inspiring.

🤝 Ways to Support 🤝

- **Please sponsor a Student:** One of the most impactful ways to support the Nicolas Robinson School. [Contact us here.](#)
- **We'd love you to join our Annual Sponsored Walk:** Can't make it to Switzerland? No problem! Buy a raffle ticket for a chance to win fabulous prizes. The draw will be held at our fundraiser on 14th September, with winners notified instantly by email. [Link here](#)

Thank you all for your unwavering, generous support. Enjoy our latest video update: [Watch Here](#)

With best wishes, Kathryn and Max
